Chicagoland’s DuPage Airport, located within minutes of all western Chicago’s major commercial centers, is the only general aviation airport in Illinois with four active runways, two ILS approaches, a 24-hour FAA air control tower and the most comprehensive on-airfield network of services with over 40 aviation and non-aviation support businesses. DPA has a #1 ranked FBO, a 7,570 foot runway, an on-site U.S. Customs office and the largest general aviation airport ground crew in Illinois, which creates the safest, all-weather, international airport in Chicago. It is truly aviation’s best address.
